RE: Record Search Results for SMMC Public Access Enhancement Plan – I Located in Los Angeles County, California

Dear Mr. Stone,

As per your request received on September 21, an expedited records search was conducted for the above referenced project. The search includes a review of all recorded archaeological sites within a 1/8-mile radius of the project site as well as a review of cultural resource reports on file. In addition, the California Points of Historical Interest (PHI), the California Historical Landmarks (CHL), the California Register of Historical Resources (CR), the National Register of Historic Places (NR), and the California State Historic Resources Inventory (HRI) listings were reviewed for the above referenced project. The following is a discussion of the findings.

### **Malibu Beach and Point Dume, CA. USGS 7.5' Quadrangles**

#### **ARCHAEOLOGICAL RESOURCES:**

Forty-one archaeological sites (19-000019\*, 19-000030\*, 19-000183\*, 19-000189\*, 19-000210\*, 19-000226\*, 19-000263\*, 19-000266, 19-000310\*, 19-000311\*, 19-000350, 19-000406\*, 19-000458\*, 19-000479\*, 19-000803\*, 19-000974\*, 19-001107\*, 19-001131\*, 19-001151\*, 19-001298\*, 19-001425\*, 19-001569\*, 19-001570\*, 19-001571\*, 19-001715, 19-001734\*, 19-001879\*, 19-002048, 19-002049\*, 19-002158\*, 19-002172\*, 19-002336\*, 19-002790\*, 19-002812\*, 19-002817\*, 19-002818\*, 19-002819\*, 19-002820, 19-002937\*, 19-003330\*, and 19-003331\*) have been identified within a 1/8-mile radius of the project site. Thirty-six archaeological sites are located within the project site. None of the above sites are listed on the Archaeological Determination of Eligibility (DOE) list. Eleven isolates (19-100017\*, 19-100106, 19-100119, 19-100247\*, 19-100394\*, 19-100396\*, 19-100397, 19-100491\*, 19-100492, 19-100493\*, and 19-100512\*) have been identified within a 1/8-mile radius of the project site. Seven isolates are located within the project site. Site 19-002819's file could not be located for copying during this record search.  
(\* = Located within the project site)

#### **HISTORIC RESOURCES:**

Seven additional cultural resources (19-111111, 19-120004\*, 19-120005, 19-120006\*, 19-120007\*, 19-120008\*, and 19-187751\*) have been identified within a 1/8-mile radius of the project

site. Five of the above additional cultural resources are located within the project site. 19-111111 is an unverified cultural resource which has no paperwork attached to it.

(\* = Located within the project site)

Copies of our historic maps - Calabasas (1903 and 1947) and Triunfo Pass (1921 and 1943) 15' USGS - are enclosed for your review.

The California Point of Historical Interest of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a 1/8-mile radius of the project site.

The California Historical Landmarks of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a 1/8-mile radius of the project site.

The California Register of Historic Places lists no properties within a 1/8-mile radius of the project site. These are properties determined to have a National Register of Historic Places Status of 1 or 2, a California Historical Landmark numbering 770 and higher, or a Point of Historical Interest listed after 1/1/1998.

The National Register of Historic Places lists no properties within a 1/8-mile radius of the project site.

The California Historic Resources Inventory lists one property that has been evaluated for historical significance within a 1/8-mile radius of the project site (see enclosed list).

#### **PREVIOUS CULTURAL RESOURCES INVESTIGATIONS:**

Of these, three hundred are located within the project site. There are thirty-five additional investigations located on the Malibu Beach and Point Dume 7.5' USGS Quadrangles that are potentially within a 1/8-mile radius of the project site. These reports are not mapped due to insufficient locational information.

(\* = Located within the project site)

Please forward a copy of any resulting reports from this project to the office as soon as possible. Due to the sensitive nature of archaeological site location data, we ask that you **do not include** resource location maps and resource location descriptions in your report if the report is for public distribution. If you have any questions regarding the results presented herein, please contact the office at 657.278.5395 Monday through Thursday 9:00 am to 3:30 pm.

Should you require any additional information for the above referenced project, reference the SCCIC number listed above when making inquiries. Requests made after initial invoicing will result in the preparation of a separate invoice.

Sincerely,  
SCCIC

RE: Record Search Results for Malibu Parks EIR (4835-02) Located in the Counties of Los Angeles and Ventura, California

Dear Mr. Victorino,

As per your request received on January 19, 2010, an expedited records search was conducted for the above referenced project. The search includes a review of all recorded archaeological site within a 1/8-mile radius of the project sites as well as a review of cultural resource reports on file. In addition, the California Points of Historical Interest (PHI), the California Historical Landmarks (CHL), the California Register of Historical Resources (CR), the National Register of Historic Places (NR), and the California State Historic Resources Inventory (HRI) listings were reviewed for the above referenced project. The following is a discussion of the findings.

### **Malibu Beach, Topanga, and Triunfo Pass, CA. USGS 7.5' Quadrangles**

#### **ARCHAEOLOGICAL RESOURCES:**

Four archaeological sites (19-000654\*, 19-000708, 19-001915, and 19-003567) have been identified within a 1/8-mile radius of the project site. One of the above archaeological sites is located within the project site. None of the above sites are listed on the Archaeological Determination of Eligibility (DOE) list. No isolates have been identified within a 1/8-mile radius of the project site. No isolates are located within the project site.

(\* = Located within the project site)

#### **HISTORIC RESOURCES:**

Five additional cultural resources (19-150294, 19-150295, 19-150296, 19-150316, and 19-150319) have been identified within a 1/8-mile radius of the project site. None of the additional cultural resources are located within the project site.

Copies of our historic maps - Calabasas (1908 and 1947) and Triunfo Pass (1921 and 1943) 15' USGS - are enclosed for your review.

The California Point of Historical Interest of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a 1/8-mile radius of the project site.

The California Historical Landmarks of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a 1/8-mile radius of the project site.

The California Register of Historic Places lists no properties within a 1/8-mile radius of the project site. These are properties determined to have a National Register of Historic Places Status of 1 or 2, a California Historical Landmark numbering 770 and higher, or a Point of Historical Interest listed after 1/1/1998.

The National Register of Historic Places lists no properties within a 1/8-mile radius of the project site.

The California Historic Resources Inventory lists twenty-six properties that have been evaluated for historical significance within a 1/8-mile radius of the project site (see enclosed list).

### **PREVIOUS CULTURAL RESOURCES INVESTIGATIONS:**

Twenty studies (LA67\*, LA582\*, LA641, LA672, LA814, LA2077, LA2082, LA2386\*, LA2423, LA2612\*, LA3595\*, LA5369, LA5782, LA6887, LA7559, LA7576\*, LA7594, VN1270, VN1854, and VN2652) have been conducted within a 1/8-mile radius of the project site. Of these, six are located within the project site. There are forty-three additional investigations located on the Malibu Beach, Topanga, and Triunfo Pass 7.5' USGS Quadrangles that are potentially within a 1/8-mile radius of the project site. These reports are not mapped due to insufficient locational information.  
(\* = Located within the project site)

Please forward a copy of any resulting reports from this project to the office as soon as possible. Due to the sensitive nature of archaeological site location data, we ask that you **do not include** resource location maps and resource location descriptions in your report if the report is for public distribution. If you have any questions regarding the results presented herein, please contact the office at 657.278.5395 Monday through Thursday 9:00 am to 3:30 pm.

Re: Request for a Sacred Lands File Search and Native American Contacts List for a Proposed "Malibu Parks Draft EIR (4835-02)": Ventura and Los Angeles County, California

Dear Mr. Victorino:

The Native American Heritage Commission (NAHC), the State of California 'Trustee Agency' for the protection and preservation of Native American cultural resources (c.f. CA Public Resources Code §21070; also c.f. *Environmental Protection Information Center v. Johnson* (1985) 170 Cal App. 3<sup>rd</sup> 604), was able to perform a record search of its Sacred Lands File (SLF) for the affected project area (APE) requested. The California Environmental Quality Act (CEQA; CA Public Resources Code Section 21000 – 21177) requires that any project that causes a substantial adverse change in the significance of an historical resource, that includes archaeological resources, is a 'significant effect' requiring the preparation of an Environmental Impact Report (EIR) per the California Code of Regulations §15064.5(b)(c)(f) CEQA guidelines). Section 15382 of the 2007 CEQA Guidelines defines a significant impact on the environment as "a substantial, or potentially substantial, adverse change in any of physical conditions within an area affected by the proposed project, including ... objects of historic or aesthetic significance." The NAHC SLF search **did not indicate** the presence of Native American cultural resources within one-half - mile radius of the proposed project (APE).

This letter includes state and federal statutes relating to Native American historic properties of religious and cultural significance to American Indian tribes and individuals as 'consulting parties' under both state and federal law.

Early consultation with Native American tribes in your area is the best way to avoid unanticipated discoveries once a project is underway. Enclosed are the names of the nearest tribes and interested Native American individuals that the NAHC recommends as 'consulting parties,' for this purpose, that may have knowledge of the religious and cultural significance of the historic properties in the project area (e.g. APE). We recommend that you contact persons on the attached list of Native American contacts. Furthermore we suggest that you contact the California Historic Resources Information System (CHRIS) at the Office of Historic Preservation Coordinator's office (at (916) 653-7278, for referral to the nearest Information Center of which there are 10.

Consultation with tribes and interested Native American consulting parties, on the NAHC list, should be conducted in compliance with the requirements of federal NEPA (42 U.S.C. 4321-43351) and Section 106 and 4(f) of federal NHPA (16 U.S.C. 470 [f] *et seq*), 36 CFR Part 800.3, the President's Council on Environmental Quality (CSQ; 42 U.S.C. 4371 *et seq*) and NAGPRA (25 U.S.C. 3001-3013), as appropriate. .

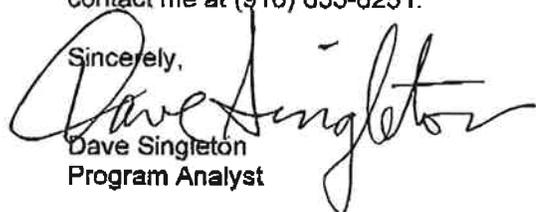

Lead agencies should consider avoidance, as defined in Section 15370 of the California Environmental Quality Act (CEQA) when significant cultural resources could be affected by a project. Also, Public Resources Code Section 5097.98 and Health & Safety Code Section 7050.5

provide for provisions for accidentally discovered archeological resources during construction and mandate the processes to be followed in the event of an accidental discovery of any human remains in a project location other than a 'dedicated cemetery. Discussion of these should be included in your environmental documents, as appropriate.

The response to this search for Native American cultural resources is conducted in the NAHC Sacred Lands Inventory, established by the California Legislature (CA Public Resources Code §5097.94(a) and is exempt from the CA Public Records Act (c.f. California Government Code §6254.10) although Native Americans on the attached contact list may wish to reveal the nature of identified cultural resources/historic properties. Confidentiality of 'historic properties of religious and cultural significance' may also be protected the under Section 304 of the NHPA or at the Secretary of the Interior' discretion if not eligible for listing on the National Register of Historic Places. The Secretary may also be advised by the federal Indian Religious Freedom Act (cf. 42 U.S.C, 1996) in issuing a decision on whether or not to disclose items of religious and/or cultural significance identified in or near the APE and possibly threatened by proposed project activity.
