This map includes those public parklands, recreation areas and some trail segments subject to the Malibu Parks Public Access Enhancement Plan Overlay, the specific boundaries of which are as described in Section 3.4.2.B of the City of Malibu Local Coastal Program-Local Implementation Plan. Proposed trail alignments are approximate and may vary slightly within public lands/easements due to site constraints. Trail alignments between the beach and Backbone Trail are currently shown through public park property in Corral Canyon. Other alternatives with more spectacular views from ridgelines on private property should be considered during the regulatory process.
