**Amendment to Grant SMM-0618
 Project Planning and Design for Coastal Development**

Dear Ms. Cheadle:

Since the initial approval of grant SMM-0618 for Escondido and Ramirez Canyons Project Planning and Design, the scope of the project has evolved. As MRCA staff has begun development the Coastal Public Works Plan, it has become clear that we need to amend the scope and budget for this grant.

The revised scope should read “project planning and design necessary for a Coastal Development project including the Malibu Parks Public Access Enhancement Public Works Plan and Malibu LCP amendments for protection of land and water resources of Santa Monica Bay Coastal Watershed, including expansion of recreational use and trail development from Zuma/Trancas Canyon to Corral Canyon, including legal services, consultants, appraisals and including legal services for defense of legal action to close state lands.” Below please find a budget addressing the amended and increased scope.

MRCA Staff	\$ 25,000
Appraisals	\$ 10,000
Consultants to include:	\$ 200,000
planning, trail design, mapping, civil engineering, geology, archaeology, traffic	
Legal Services	\$ 150,000

If you have any questions, please contact Lisa Soghor, the project manager, at (323) 221-9944 extension 105.

Sincerely,

Michael D. Berger
 Chairperson
